ASSO. GERMAN DOCTORAL RESEARCHER

OKTOBER 2024

NEW WINTER SEMESTER

The new winter term is beginning with a lot of new faces at the universities. A good time to embrace new challenges, support one another, and make the most of our PhD time.

WORKING TOGETHER

We have now organized a collection of files with access for all of our members to inform your PhDs about the federal association and to use our logo to present your membership on your websites.

BECOME A NEW COUNCIL MEMBER:

Our executive council will be elected anew on the AGM in November. Some great positions are open such as secretary spokesperson, treasurer, IT, event manager or programmatic officer. Join us in our work!

WHAT IS HAPPENING FOR PHDS?

- The nobel prizes are out with a focus on computational analysis of protein and RNA structures.
- On October 16th, the WissZeitVG was debated for the first time in the Bundestag. Sadly, it was as disappointing as expected.
- For a lot of universities, the semester ticket is now the "Deutschlandticket".
